Subject: Parks & Recreation Consolidation

I read the staff report for the possibility of consolidating the Park & Rec with the Planning Commission and want to express my thoughts. I love being a part of the P&R Commission as it gives me a chance to be a deeper part of the city. I love Costa Mesa and will always stand to make it a better place. Should you decide to eliminate the P&R Commission, it is my hope that those of us who want to remain a bigger part of the city be given an opportunity to be part of the Planning Commission. If I had known the consolidation was this close to a reality, I would have applied for the Planning Commission. I have a great interest in this city and I hope my chance to be deeper involved isn't taken away.

All on the council know my dedication to Costa Mesa and the communities within. I always strive to represent our city in a professional manner and hope you have the same perception of me.

I feel we as Parks and Recreation Commissioners have done a good job, and I for one do not want to be side-lined.

Your consideration is appreciated. Please feel free to call me to discuss.

Respectfully,
Mike Brumbaugh
